

Declaration of Compliance

Business Operator Remco Products
4735 W. 106th Street
Zionsville, IN 46077

Product name on web High Temperature Scraper, 4", White

Item Number 69635

Plastic Material Polyamide (nylon), 98 %

Color masterbatch White, 2 %

US FDA Compliance

All raw materials in this product are in compliance with FDA (Food and Drug Administration in the USA) 21 CFR parts 170 to 199.

The polymers and additives complies with FDA 21 CFR part 174, 175, 176, 177, 178, 181, 182, 184, or 186. Additives are cleared according to FDA 21 CFR Part 178 (Indirect food additives), are generally recognised as safe (GRAS), are prior-sanctioned food ingredients, or are cleared on basis of regulations for food additives of before 1958.

The nylon material complies with the requirements of FDA (Food and Drug Administration in the USA) 21 CFR 177.1500 "Nylon resins".

The pigments in the masterbatch are listed under FDA 21 CFR 178.3297 „Colorants for Polymers“.

Food contact types

- Aqueous
- Acidic
- Alcoholic
- Fatty
- Dry

Food contact usage time and temperature

Any food contact conditions with alcoholic, aqueous, dry and fatty foods at temperatures up to 347 °F for up to 1 hour.

Any food contact conditions with acidic foods at temperatures up to 158 °F for 2 hours and up to 212 °F for 15 minutes.

General

Appropriate equipment decontamination will minimise the risk of microbial growth and cross contamination and will maximise the efficiency and durability of the equipment.

Equipment should be cleaned, disinfected and sterilised, as appropriate to its intended use, before use.

It is also important to clean, disinfect and sterilise equipment as appropriate after use, using the appropriate decontamination chemicals, concentrations, times and temperatures.

Recommended sterilisation temperature (Autoclave): 250 °F

The product is suitable for repeated use under the conditions specified in this Declaration of Compliance. Reuse does not affect the product's compliance with applicable food contact regulations, provided it remains intact, undamaged, and is cleaned appropriately between uses.

Vikan A/S is registered with the Danish Veterinary and Food Administration (DVFA), and our mandatory Own Control System is subject to inspection by the DVFA.

We will make the relevant background documentation available to the competent authorities, at their request.
