

Declaration of Compliance

Business Operator

Vikan A/S
Rævevej 1
DK-7800 Skive
(+45) 96 14 26 00

Product name on web

Replacement Cassette, 250 mm, White

Item Number

77715

Plastic Material

Polypropylene
Cellular rubber

Non-food contact usage temperature

Minimum temperature: -20 °C
Maximum temperature: 80 °C

General

Equipment should be cleaned, disinfected and sterilised, as appropriate to its intended use, before use.

It is also important to clean, disinfect and sterilise equipment as appropriate after use, using the appropriate decontamination chemicals, concentrations, times and temperatures.

Appropriate equipment decontamination will minimise the risk of microbial growth and cross contamination and will maximise the efficiency and durability of the equipment.

We will make the relevant background documentation available to the competent authorities, at their request.

Vikan A/S is registered with the Danish Veterinary and Food Administration (DVFA), and our mandatory Own Control System is subject to inspection by the DVFA.
