

Nylon Table & Floor Scraper

10.2 ", Green

Item Number: 2911.2

When you need a heavy-duty floor scraper that won't damage floors or machines, reach for the Vikan Nylon Scraper. When attached to any Vikan handle, the scraper blade can help clean the toughest messes. Use a Mini Handle to use it as a table scraper or attach it to a telescopic extension handle to reach high overhead. You can also add it to a standard-size handle for a ground scraper tool that is suitable for wet and dry applications. This scraper is effective at loosening stubborn debris on floors and inside tanks and food containers. It can remove tough, stuck-on chocolate, dried food debris, and more on benchtops and work surfaces. It's an excellent choice for cleaning stainless steel work benches or epoxy floors, as the nylon blade is gentle on sensitive surfaces. Both sides of the solidly constructed blade scrape effectively thanks to its arrow shape.

General Information

Connection	Euro Threaded
Color	Green
Material	Nylon
Country of Origin	United States

Product Dimensions

Blade Thickness	0.04 "
Product Length/Depth	1.3 "
Product Width	10.2 "
Product Height	6.9 "
Net Weight	0.65 lbs

Packaging & Shipping Details

Box Quantity	5 Pcs.
Box Length/Depth	14 "
Box Width	14 "
Box Height	14 "
Plastic Packaging (Recycling Symbol "4") LDPE per Pcs.	0.02 lbs
Cardboard Packaging (Recycling symbol "20" PAP) per Pcs.	0.06 lbs
Total Tare Weight	0.08 lbs
Gross Weight	28.4 lbs
Cubic Feet	0.0506 ft3
Customs Tariff Number	39241000

Compliance & Standard Details

Item Number: 2911.2

Complies with FDA Regulation CFR 21 ¹	Yes
Complies with California Proposition 65	Yes
PFAS intentionally added	No
Phthalates intentionally added	Data not available
Bisphenols intentionally added	Data not available

Usage Limits

Recommended sterilisation temperature (Autoclave)	249.8 °F
Max. cleaning temperature (Dishwasher)	199.4 °F
Max usage temperature (food contact)	338 °F
Max usage temperature (non food contact)	338 °F
Min. usage temperature	-4 °F
Max. drying temperature	248 °F
Min. pH-value in usage concentration	2 pH
Max. pH-value in Usage Concentration	10.5 pH

Sustainability Details

Recycling Symbol "7", Miscellaneous Plastics	Yes
--	-----

New equipment should be cleaned, disinfected, sterilized, and any labels removed, as appropriate to its intended use, e.g. high risk vs. low risk food production areas, general hospital areas vs. intensive care units, before use.
3. Do not store the product below 32 °Fahrenheit.
