## Dustpan Broom with Angled Thread, 9.8" Medium, Green

A very effective, lightweight broom that can be used for sweeping both dry and wet debris. The brush pattern is designed using 2 bristle diameters. The outer row of bristles is softer than the middle row, which gives a very effective sweeping quality. The bristles under the scraping edge are angled to facilitate sweeping close to walls and corners as well as under workbenches etc. An effective scraping edge has been implemented in the design to enable loosening stubborn debris from the surface.

New equipment should be cleaned, disinfected, sterilized, and any labels removed, as appropriate to its intended use, e.g. high risk vs. low risk food production areas, general hospital areas vs. intensive care units, before use.

1. See Declaration of Compliance for further details on food contact
3. Do not store the product below 32 °Fahrenheit.
