

# Heavy-Duty Push Broom

24.4", Soft/stiff, Yellow

Item Number: 31956

Designed from US food and beverage manufacturer feedback, the Heavy-Duty Push Broom has key features that those with large areas to clean will love. The broom head is heavier, making it easier to maintain contact with the floor during sweeping. The angle cut of the bristles also helps prevent skipping or hopping during long pushes across production flooring. Flared bristles reach into corners and wall junctions to make cleaning easier and more thorough. With more densely packed stiff and soft bristles to sweep both fine and larger debris, the Heavy-Duty Push Broom will become an indispensable part of your sanitation regimen.

## General Information

|                            |                                                            |
|----------------------------|------------------------------------------------------------|
| Color                      | Yellow                                                     |
| Material                   | Polypropylene, Polyester (PBT), Stainless Steel (AISI 304) |
| UNSPSC Code                | 47131604                                                   |
| Country of Origin ISO Code | DK                                                         |
| Country of Origin          | Denmark                                                    |

## Product Dimensions

|                      |         |
|----------------------|---------|
| Product Length/Depth | 620 mm  |
| Product Width        | 80 mm   |
| Product Height       | 135 mm  |
| Net Weight           | 1.12 kg |

## Packaging & Shipping Details

|                                                          |                |
|----------------------------------------------------------|----------------|
| Box Quantity                                             | 8 Pcs.         |
| Quantity per Pallet (80 x 120 x approx.180 cm)           | 224 Pcs.       |
| Quantity Per Layer (Pallet)                              | 32 Pcs.        |
| Box Length/Depth                                         | 610 mm         |
| Box Width                                                | 290 mm         |
| Box Height                                               | 200 mm         |
| Plastic Packaging (Recycling Symbol "4") LDPE per Pcs.   | 0.015 kg       |
| Cardboard Packaging (Recycling symbol "20" PAP) per Pcs. | 0.0463 kg      |
| Total Tare Weight                                        | 0.0613 kg      |
| Gross Weight                                             | 1.18 kg        |

Item Number: 31956

## Compliance & Standard Details

|                                                                         |     |
|-------------------------------------------------------------------------|-----|
| Complies with (EC) 1935/2004 on food contact materials <sup>1</sup>     | Yes |
| Complies with EU Regulation 2023/2006/EC of Good Manufacturing Practice | Yes |
| Complies with FDA Regulation CFR 21 <sup>1</sup>                        | Yes |
| Complies with UK 2019 No. 704 on food contact materials                 | Yes |
| Complies with California Proposition 65                                 | Yes |
| Complies with Halal and Kosher                                          | Yes |
| PFAS intentionally added                                                | No  |

## Technical Data

|                        |               |
|------------------------|---------------|
| Bristle stiffness      | Soft/stiff    |
| Visible bristle length | 60 mm         |
| Connection             | Euro Threaded |

## Usage Limits

|                                                   |         |
|---------------------------------------------------|---------|
| Recommended sterilisation temperature (Autoclave) | 121 °F  |
| Max. cleaning temperature (Dishwasher)            | 93 °C   |
| Max. usage temperature (for food contact)         | 80 °C   |
| Max usage temperature (non food contact)          | 100 °C  |
| Min. usage temperature <sup>3</sup>               | -20 °C  |
| Max. drying temperature                           | 100 °C  |
| Min. pH-value in usage concentration              | 2 pH    |
| Max. pH-value in Usage Concentration              | 10.5 pH |

New equipment should be cleaned, disinfected, sterilized, and any labels removed, as appropriate to its intended use, e.g. high risk vs. low risk food production areas, general hospital areas vs. intensive care units, before use.

3. Do not store the product below 32 °Fahrenheit.
