

Foam sprayer, incl. jet spray

1/2"(Q), 2.5 Litre, Blue

Item Number: 93033

Easily tackle light-scale cleaning tasks with this set. Whether washing the floors in showers, fitness studios, pools, or more, it gets the job done with a constant chemical dosage (0.4-10%, depending on manufacturer's recommendations). It can handle 2-8 bars of pressure and has an ergonomic grip that won't slip, even when wet. Each version comes with a set of 15 colour-coded nozzles for different chemical concentrations included. The ergonomic grip makes the set easy to use - even when the container is filled with chemical. Never allow chemicals directly through the foaming gun.
