

Dual Reach Brush

Designed to reach what others can't

Introducing Vikan's Dual Reach Brush

4592x

Designed to make cleaning in hard-to-reach areas simple, effective, and hygienic.

Developed in response to real challenges in the industry, this brush replaces improvised solutions with a purpose-built design that delivers better reach, better hygiene, and more consistent results.

Ideal for removing dust, flour and other fine particles from overhead conveyors, production lines and equipment.

connection

Threaded connection

- Secure threaded design
- Enables safe and stable connection to all Vikan threaded handles – eliminating the need for improvised solutions.

Adjustable angle (via adapter)

- Flexible cleaning angle
- Use with angle adapter to easily clean above, below and around equipment.

Effective for fine particles

- Efficient particle removal
- Designed to remove dust, flour and other fine debris in hygiene-critical environments.

Optimised filament design

- Combination of stiff and softer filaments ensures effective removal of fine particles while maintaining control and coverage.

✓ Compatibility

- Fits the Vikan system.
- Compatible with all Vikan threaded handles for maximum flexibility.

✓ Colour coding

- Supports hygienic zoning
- Available in multiple colours to help prevent cross-contamination.

✓ Extended reach

- Designed for difficult access Ideal for overhead conveyors, production lines and elevated surfaces.

✓ Hygienic alternative

- Purpose-built hygienic solution
- Replaces non-hygienic DIY setups and supports compliance with food safety standards.
